

POLYMERS FOR MEDICINE

The Keylab Polymers for Medicine interfaces polymer science and technology with a clinical environment and the Fraunhofer translational Center Würzburg.

The Keylab provides expertise for the problem-oriented development, formulation and (bio-)fabrication of polymer-based biomaterials for medical applications.

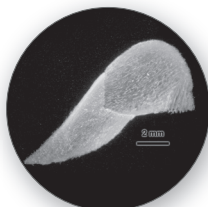

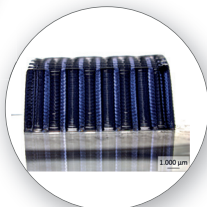

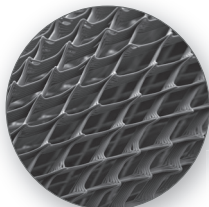

LOCATION:

University of Würzburg

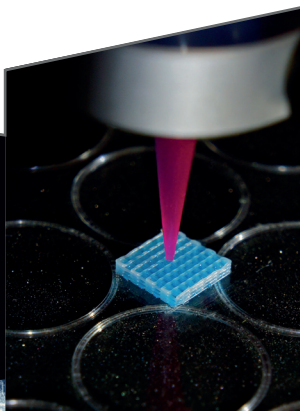

KEYLAB-COORDINATOR:

Prof. Jürgen Groll

juergen.groll@fmz.uni-wuerzburg.de

POLYMERS FOR MEDICINE

Das Keylab Polymers for Medicine verbindet Polymerwissenschaft und Technologie mit einem klinischen Umfeld und dem Fraunhofer Translationszentrum Würzburg.

STANDORT:

Universität Würzburg

KEYLAB-KOORDINATOR:

Prof. Jürgen Groll

juergen.groll@fmz.uni-wuerzburg.de

Das Labor bündelt Expertise für die problemorientierte Entwicklung, Formulierung und (Bio-) Fabrikation Polymer-basierter Biomaterialien für medizinische Anwendungen.
